

Bell

The ringing of bells to celebrate the holidays goes back almost as far as the holidays themselves. Inspiring the song “Jingle Bells”, bells are traditionally rung to signify the beginning of a church service, with handbells often accompanying carolers during Victorian times. Today, bells can be heard in many modern holiday songs, and are still considered a prominent symbol of the holiday season. Add a touch of jingle lights to your holiday display scene with an illuminated bell available in 9 unique LED rope light colours. The Bell display can also be wall mounted for display settings on building facades.
