DESCRIPTION

The Topsy Royale™ Litter Bin is a competitively priced, traditionally styled, free standing bin well suited to heritage streetscapes and town centre locations. With the same unique keyed locking system and lift off hood as the Topsy 2000, the Topsy Royale is secure, easy to operate and minimises manual handling.

The Topsy Royale bin has been designed to co-ordinate with the Glasdon Jubilee™ Litter Bin range and incorporates many of the same features including the distinctive anti-fly posting features, banding recesses and aperture shelves.

The Topsy Royale bin is manufactured from Durapol® polymer therefore it is robust, requires minimal maintenance and is weather and vandal resistant. The black hood is produced from 100% recycled material and is recyclable after its service life.

The free standing litter bin has a 90 litre steel liner and has two apertures for collecting litter. The circular design creates a robust structure and provides ease of pedestrian flow when located in busy street environments.

Optional extras include a selection of stubber plates or ashtrays, a Durapol liner, liner sack retention, aperture flaps and Firexpire® fire safety device. An A5 recess at the front and rear of the bin will accept a 'Bin It' graphic but can also be used for personalisation.

As standard the Topsy Royale bin is available in 100% recycled black only. All other colours are to be progressed via Sales and Purchasing.

KEY BENEFITS

- Competitively priced/ Value for money
- Ease of emptying and minimal manual handling as the hood can be lifted off the bin to gain access to the liner
- Speedy operation using the simple keyed locking system
- Long life as Durapol requires minimal maintenance and is very easy to clean
- Environmentally friendly as the hood of the bin is produced from 100% recycled material and is recyclable after its usable life
- Coordinates with the Glasdon Jubilee and Streamline Jubilee bin to create uniformity within a street scene

TECHNICAL INFORMATION

Materials:

Hood:	Durapol (100% Recycled Black)
Base:	Durapol
Metal Liner:	Galvanised Mild Steel
Bobbins:	Durapol
Lock Cover:	Durapol
Universal Ashtray/stubber:	Anodised Aluminium/Mild Steel
Circular Stubber Plate:	Stainless Steel
3L Ashtray:	Anodised Aluminium
Three Piece Ashtray:	Stainless Steel
Stickers:	Vinyl Graphic
Poly Liner:	Durapol
Aperture Flaps:	Durapol

- Ease of graffiti removal

DOMED HOOD

- Strong and robust
- Prevents litter from being left on the top surface of the bin
- Prevents rain pooling

TWO APERTURES

- Ease and flexibility of use
- Accepts fast food waste
- Prevents trade waste

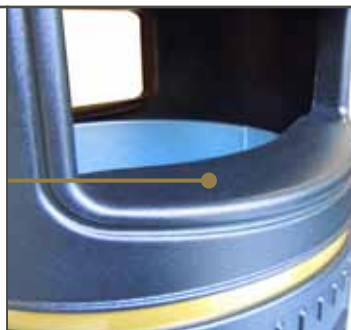

CHAMFERED APERTURES

- Prevent litter from being left on bin surfaces

OVERHANGING APERTURE SHELVES

- Ensures that litter falls into the liner
- Low maintenance as minimal cleaning inside the bin is required
- Increased health and safety

BANDING RECESSES

- Traditional Appearance
- Co-ordination with existing street schemes
- Deters picking

PRODUCT FEATURES

ANTI FLY POSTING FINISH

- Unique ribbed design
- Prevent posters being adhered to bin

RECESSED A5 PERSONALISATION AREAS (1xFRONT & 1xREAR) (SELF ADHESIVE GRAPHIC)

- Easy to personalise
- Deters picking

KEYED LOCK

- Operator friendly
- Ease of use
- Secure
- Corrosion free

LIFT OFF HOOD

- Reduced liner lift
- Minimal manual handling

90 LITRE STEEL LINER CAPACITY (120 LITRE TOTAL VOLUME)

- Large capacity
- Less frequent emptying

LARGE HANDLES

- Easy to lift with gloved hands

OPTIONAL EXTRAS

UNIVERSAL STUBBER PLATE

- Ease of stubbing
- Protects Hood
- Co-ordinating colours (gold or gun metal)

CIGARETTE GRAPHICS

- Clearly identifiable
- Encourage use

UNIVERSAL ASHTRAY

- Co-ordinating colour (gold or gun metal)
- Encourages use
- Deters littering
- Easily identifiable graphics
- Ease of stubbing
- Quick release

3L ASHTRAY

- Encourages use
- Ease of stubbing
- Protects Hood
- Quick release

CIRCULAR ST. STEEL STUBBER

- Ease of stubbing
- Easily identifiable graphics

THREE PIECE ASHTRAY

- Encourages use
- Ease of stubbing
- Protects Hood

A5 POLYCARBONATE PLAQUES

- Durable
- Area to personalise

OPTIONAL EXTRAS

ROUND DURAPOL LINER

- Robust and durable

ELASTIC SACK RETENTION

- Hold a plastic sack in position

APERTURE FLAPS

- Prevent seagulls/rodents from gaining access to the waste inside the bin
- Keep waste out of sight
